

Arch Elegance

Moveable louvered arch

EASY INSTALLATION INSTRUCTIONS

PACKAGE CONTENTS

- 1-Arch Elegance moveable louvered arch
- 3-Mounting Screws
- 1- Instructions

Mounting Instructions:

1. Place arch in center of window opening to insure proper fit.
2. Locate three pre-drilled holes in outer frame of arch (see fig.1)
3. Make sure arch is level in the window.
4. Using a pencil,mark the hole positions inside the frame of the window.
5. Drill pilot holes at the marks inside the window opening.
6. Use the screws provided to fasten the arch to the inside of the window opening.
7. Do not over tighten the screws as this will damage or bind the arch from operating properly.
8. If the arch is not centered in the opening, you may tighten or loosen the screws to adjust the positioning.

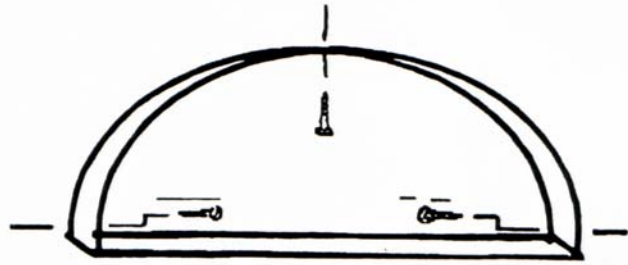

Figure 1

Care and cleaning:

1. Vacuum with a brush attachment or feather duster occasionally and your arch will provide years of beauty.
2. Clean with a mild soap if it becomes soiled.
